## Cruise from Southampton visiting Gibraltar, Italy, Croatia, Montenegro and Spain 21 nights departing 18th May from just £1499 per person.

Relax and enjoy the Mediterranean spring during this three week cruise aboard *Black Watch* visiting eight ports of call before the summer crowds arrive. Cruising from and to Southampton means you avoid the inconvenience of waiting at a congested airport, and with no luggage restrictions you can pack as much as you need and more!

After three leisurely days at sea when you can unwind and enjoy the facilities on board this popular ship, your first port of call will be Gibraltar guarded by the famous Rock, followed by Cagliari the picturesque main town of Sardinia dating back to Phoenician times. With so much to see in Venice an overnight stay is required and this cruise gives you just that. Enjoy a touch of romance with a gondola ride, visit the magnificent Doges Palace or sample an authentic cappuccino near the Rialto Bridge. You will have ample opportunity to explore the beautiful Croatian coast with calls at Split and Kotor - a UNESCO World Heritage site, followed by two more relaxing days at sea before you arrive at Palma. Your last port of call will be the Andalusian city of Cadiz founded in 1104BC and said to be the oldest city in Europe.

Fred. Olsen Cruise Lines is a family run company with a personal approach. They know that little things mean a lot, like the crew member remembering your name, or the barman remembering your favourite drink. On a Fred. Olsen cruise you are a person, not a cabin number and their smaller ships help create a warmer friendlier atmosphere giving true meaning to the words 'welcome aboard'.

### ABOUT FRED. OLSEN'S *BLACK WATCH*

To board *Black Watch* is to sense at once a classic pedigree that harks back to cruising values of a bygone age. She is truly a world-class cruise ship where you will feel a warm sense of welcome from the very first moment you step aboard. Large windows and the soft tones of a subtle, stylishly elegant décor, broad teak decks, generous promenades, bright and unconfined public areas and roomy cabins (over 90% of them offering sea view) - these all contribute to the spontaneous feeling of freedom and comfort that lies at the heart of the time-honoured Fred. Olsen cruising concept.

With just 421 cabins she's a vessel designed with an exceptionally generous ratio of ship to passenger. One where it's always easy to find a quiet corner - and where you certainly won't find yourself having to compete for space with hordes of other passengers!

Refurbished in December 2009 *Black Watch* offers her passengers an impressive range of dining choices from the inviting elegance of the Glentinar Restaurant or the more intimate Orchid Room, to the convenience and informality of the new casual dining Braemar Garden or a snack in the sun at the Poolside Café or Marquee Pool Bar.
